EDUCATION

BMCC CSC Classes	New York, NY | Sep. 2019 - May 2020
General Assembly Web Development Immersive	New York, NY | Feb. - May 2017
John Jay College of Criminal Justice Bachelors of Arts	New York, NY | June 2016

SKILLS

Javascript	CSS3	SQL	Java	C++	Other
React	Flexbox	MYSQL	JavaSwing		Adobe Creative Suite
Jquery	Grid	MongoDB			Google Analytics
Handlebars			Python		Postman
Node	HTML5	Git	Pip		Wordpress
Express		Docker	Anacoda		Shopify
Gatsby		AWS			Slack

Ruby on Rails App /2017
CUISINIE /

- Stack:
  - Rails, HTTParty ,
  - Zomato API
  - HTML, CSS, JS
- First practice parsing through the Zomato API.
- Front End utilized a Wireframe that organized the style of the page.
- Created a database with Ruby on Rails and had user login generate a profile that fits the users choices of restaurants

React-Gatsby Blog / 2018
Veteran Who Codes

- Stack:
  - React / Node.js
  - GraphQl
  - Express
  - Gatsby
  - Netify
- Recently applied a Google Analytics plug-in to review data.
- In the process of implementing a response tab for visitors to comment on post.
- Steadily creating a login process for users.

Storm King Analytics / 2018
Vumbua-Prototype

- Stack:
  - Python / Pip
  - Javascript /Node /Git
  - Vis.js
  - Sheet.js
  - Chart.js
- Client wanted a web app that can take data from an excel spreadsheet, parse it through matrices, and get a visualization that is appealing to the eyes.
- Switching the application from Python to pure Javascript by myself.
- Connecting all the libraries to Sheet.js and implementing an algorithm was a challenge.

React VR / 2019
Unnamed VR Application

- Stack:
  - React VR
  - A-Frame
  - JS
  - Node
- Saw that teaching code with Legos is easy.
- Trying to implement a VR app with the concept of building code together
- Connecting all the libraries to Sheet.js and implementing an algorithm was a challenge.

Developer Experience

CUNY BMCC
CSC Teacher's Assistant

New York, NY
Sep. 19.
- May 20

- Provided assistance in the classroom when conducting curriculum based group lessons.
- Assisted teaching staff in preparing the classroom and lesson plans.
- Mentored 20+ students in a College level Environment
- Helped the students in their knowledge of HTML, CSS, Javascript, Java and Python.
- Brought my own knowledge of the industry and mentored some students in the Web Development field.
- Introduced Entry Level Students into greater world of CSC.

Pathfinder Labs
Junior Developer

New York, NY
Sep. 18.
- Present

- Helping with the implementation of AWS for a database and Docker for virtual machine handling.
- Used Handlebars.js and currently converting to React.js for a more streamlined library.
- Improving Node Controllers and Express connections.
- Implementing improvements for SEO.
- In charge of the Front-End of the application.
- Introducing a new framework technology to replace the existing framework.
- Taught two interns form CUNY City College how to work and navigate in the application to implement testing with Jest.
- Used Git Rebasing to implement clean coding practices.

Storm King Analytics
Junior Developer

- Worked on a global product that encompassed data from other countries and make an infrastructure overlay of any country.
- Developed a front-end web app using Bootstrap and JavaScript based on client wireframes
- Learned Python 2.7 and Pip while on the job.
- Converted the prototype to Javascript (used Sheet.Js and Vis.Js to extract and showcase data)
- Taught myself Python in order to build a scalable algorithm for Excel data manipulation
- Improved the WordPress website.

Non-Developer Experience	Dates
Veteran With A Camera **Freelance Photographer**	**New York, NY** **Jun. 16 - Nov. 19**
CUNY Department of Veteran Affairs **Communications and Social Media Strategist**	**New York, NY** **Feb. - Aug. 16**
U.S. Navy Reserve **Petty Officer Third Class**	**New York, NY** **Mar. 12 - Aug. 14**
U.S. Navy **Assistant Forecast Duty Officer**	**Norfolk, VA Mar.** **Mar. 08 - Mar. 12**
